- Attention and commitment to the issues of energy efficiency of processes and infrastructures;
- Attention and commitment to sustainability (ESG) issues in business processes;
- Commitment to maintain, update and improve an efficient QHSE system accordingly ISO 9001:2015, ISO 45001:2018 e ISO 14001:2015;

The Management is aware that these goals are achievable only with the full support and participation of everyone and the mutual cooperation is a key point. The responsibility of QHSE system involves everyone, accordingly to its skill and job, from the Management Board to the single worker. Therefore, the safeguard of health and safety at work, environment protection, as well as customer's satisfaction, must be a commitment for all, brought to light not only by following an appropriate behaviour, but also creating continuously the most suitable conditions to make it happens.

QHSE policy is reviewed at least once a year, during the Management Review.

Galliate, March 10th, 2023

Chairman of the Management Board

P.A. Amato
